WHO IS WHO IN GERMAN GENETIC RESEARCH?

16.08.2006

You may want to start with names listed at [Laborjournal](#). Aside from universities major institutes are with [Max Planck](#) and [Helmholtz](#). Main funding comes by DFG (Deutsche Forschungsgemeinschaft, who lists all their projects at [GEPRIS](#)) and by [BMBF](#) (German Ministry of Research) with a few projects online at [National Genome Research Network](#).
