COMPUTER NAMES, SEQUENCER NAMES, FREEZER NAMES

25.02.2007

Creativity in science – look how computer are being named (seemed there are many da Vinicis and Picassos in bioinformatics). The MDC microsatellite center in Berlin named their sequencers by [volcanos](#) (even before pyrosequencing became in vogue), we use European cities for our freezers. Famous chess players would be another idea or use car brands ...
