

GENETICS, JOKE

# ERROR PRONE

6.08.2007

I confess: I have clicked here

The screenshot shows a web page for a Nature Genetics article. At the top, there is an advertisement for Applied Biosystems. Below that, a navigation bar shows the path: Journal home > Archive > Table of Contents > Article > Abstract. The main content area is titled 'ARTICLE' and features the article title 'A high-resolution recombination map of the human genome' by Augustina Kong et al. The abstract text is partially visible. On the right side, there are several boxes for 'nature jobs', 'nature products', and a search bar. On the left side, there is a sidebar with various links like 'Journal home', 'Advance online publication', 'Current issue', 'Archive', 'Supplementary info', 'Press releases', 'Free Association (blog)', 'Supplements', 'Focuses', 'Guide to authors', 'Online submission', 'For referees', 'Free online issue', 'Contact the journal', 'Subscribe', 'Advertising', 'work@npg', 'Reprints and permissions', 'About this site', 'For librarians', and 'NPG Resources'. A red circle highlights a message in the 'NPG Resources' section that says 'You have created an error.'.
