

PHILOSOPHY

A WASTE OF INTELLECTUAL RESOURCES

30.12.2008

According to [Nature news](#) Matthias Kleiner is cited as

This low percentage of women [in professorships] is a scandal for German science, and at the same time it's a waste of intellectual resources.

The percentage of women in science is not a waste of intellectual resources -beware- it is the missing high percentage which is certainly not the same....
