# I DON'T WANT TO BID FOR THIS DINNER

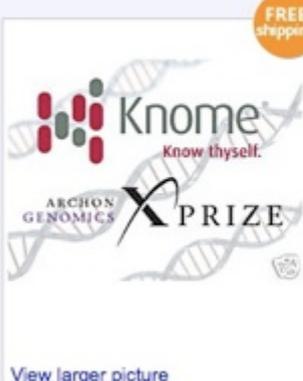

3.04.2009

[NYT](#) reports that Knome plans to offer its personal gene-sequencing service to the highest bidder in an [eBay auction](#) set to begin on Friday and continue for 10 days. This will include also a private dinner with [George Church](#) one of the cofounders and active supporters of every tech based; so finally the unholy alliance of [ethical claims](#) and commercial interests is clearer now, yea, yea.
