

ALLERGY

IL17- JEKYLL AND HIDE

21.05.2009

We will probably submit our IL-17 paper next week – so it was [of interest](#) to read a new paper in [NJ](#) that

demonstrate a protective function for IL-17 and identify T cells as not only the source but also a target of IL-17 in vivo

for inflammatory bowel disease. Asthma may, however, present a different situation.
