# CRANTASTIC

25.07.2009

As I am currently in London, here comes only a quick link for all R users. It goes to [cran-tastic](#), a community site for R packages where you can search for, review and tag CRAN packages.

The screenshot shows a 'Feedback' modal window with a close button (X) in the top right corner. The window is titled 'Submit an Idea' and contains the following text: 'We've setup a feedback forum so you can tell us what's on your mind. Please go there and be heard!'. Below this, there is a list of ideas with their respective vote counts:

- 47 votes: Graph showing which packages implement the same techniques
- 30 votes: navigable graph of dependencies
- 19 votes: Display links to journal publications (and books)
- 13 votes: Text search for the site
- 7 votes: list of known bugs / shortcomings

At the bottom of the list, there is a link: » Go to our Feedback Forum (15 ideas). Below the list, there is a yellow button that says: Have a Bug? Report a Bug.

Yea, yea.
