

ALLERGY, GENETICS

# THE ASTHMA AND GLAUCOMA ISLAND

15.07.2009

Dr. Zamel, one of the PIs of the [Tristan da Cunha](#) study pointed me today to the interesting 30 min BBC documentation online at [Allergy Canada](#)

Allergy Island is an exclusive documentary on the history of asthma in Tristan da Cunha and the discovery of the gene related to asthma in that highly inbred community by the expedition that I did in 1993. I went in May 2008 to Tristan da Cunha with the BBC crew to film both parts for the entire month.
