IN MEMORIAM ERNST KLEE

5.01.2014

I learned about Ernst Klee [already in the late 1980ies](#) when I attending a lecture at an IPP-NW meeting. Nobody ever told me before about the Nazi doctors even when studying medicine 6 years.

But it was Klee who showed us the extent how medicine could be perverted.

Maybe some people found him fanatic, I think he was just a great human with a mission.
