

SOFTWARE

AUS DEN ANFÄNGEN DES INTERNETS

21.01.2019

Wenn [ich hier die Grafik ansehe](#), sieht es aus, als [hätte ich im Februar 1995 einen der ersten 10.000 Webserver](#) installiert. Selbst 2000 konnte man das noch als Neuigkeit publizieren :-)

RESULTS

The page views increased steadily, from about 100 per month in February 1995 to more than 100,000 by the end of 1999 (Fig. 2). During the same interval the number of hosts connected to the Internet increased from 4,852,000 to 56,218,000 (15). The increase in page views seems not as smooth as the increase in connected hosts, showing major drops in page requests in 1997, 1998, and the beginning of 2000.

Figure 2. Page views at the Asthma Information Center between Feb 1995 and Feb 2000 according to available server log-file entries in thousand page visits (left axis, solid line). The estimated number of connected host is taken from ISC (right axis, dashed line).
