So werde ich jetzt [demnächst mal](#) eine Vorlesung beginnen "Hey Siri, weck mich morgen um 5". Mal sehen wieviele Handys darauf reagieren...

Hey @Apple I don't really like your new black-and-white commercial for AirPods. With the guy in the commercial put his on and says "hey Siri..." my HomePod start playing the crappiest music I've heard in my entire life. I love how somebody on the TV can control my HomePods.
