YOUTH IS NO GUARANTEE OF INNOVATION

3.01.2022

I learned only recently [about the 2012 James Bond dialogue](#) in the movie Skyfall where he talks to the new and much younger head of Q branch.

Q: Age is no guarantee of efficiency

Bond: And youth is no guarantee of innovation

Nice to see that I recently earned a new Stackoverflow badge while the last SO report says that 90% of all software developers are younger than 45.
