NOTEWORTHY

CIVIL DISOBEDIENCE BY SCIENTISTS

8.09.2022

nature climate change

Time is short to secure a liveable and sustainable future; yet, inaction from governments, industry and civil society is setting the course for 3.2 °C of warming, with all the cascading and catastrophic consequences that this implies. In this context, when does civil disobedience by scientists become justified?

Not all scientists believe in <u>never ending progress</u>.
