

SOFTWARE

IF ETCHER DIES SILENTLY

25.01.2023

[Balena Etcher](#) dies silently on Mac OS 13.2 Ventura when creating a rescue system ([resca-tux 0.74](#)) for the repair cafe. It seems to be a problem with missing rights, so only

```
sudo /Applications/balenaEtcher.app/Contents/MacOS/balenaEtcher
```

works.
