HOW TO WRITE A PAPER

22.11.2023

There are numerous tips on the internet, I have been even teaching "paper writing" for a while, but here are the ultimate recommendations

I've handled the review of > 1000 papers at <u>@nature</u>. Over time, you notice aspects of presentation on which reviewers tend to comment. In the interests of minimizing hassles during review, I offer the following suggestions (a bit targeted to climate papers).
