...

I realise that citations are sometimes a proxy for genuine impact and importance. But for those concerned *only* with vanity metrics, here's what your h-index could be purchased for at the going rate.

[#researchintegrity](#)

h-index	Price
40	\$9,600
50	\$15,000
60	\$21,600
70	\$29,400
80	\$38,400
90	\$48,600
100	\$60,000
