# FLORENCE NIGHTINGALE ÜBER STATISTIK

27.07.2024

*„Die Statistik ist die wichtigste  
Wissenschaft. Von ihr hängt  
die praktische Anwendung jeder  
anderen Wissenschaft und  
jeder Kunstform ab....“*

Florence Nightingale  
(Krankenschwester, Sozialreformerin)

mit interessanten Details zu ihrem [Rose Diagramm](#) auf [historyofinformation.com](http://historyofinformation.com)

In 1858 nurse, statistician, and reformer Florence Nightingale published “Notes on Matters Affecting the Health, Efficiency, and Hospital Administration of the British Army”. ... This privately printed work contained a color statistical graphic entitled “Diagram of the Causes of Mortality in the Army of the East” which showed that epidemic disease, which was responsible for more British deaths in the course of the Crimean War.

## APRIL 1855 TO MARCH 1856.
