MY LAST VISIT TO STACK OVERFLOW

23.03.2026

[Coding with AI](#) has a nice chart, that I am redrawing here

data source <https://data.stackexchange.com/stackoverflow/query/1882532/questions-per-month>

so it is time to say Good-Bye now after 14 years

The screenshot shows the Stack Overflow profile page for a user named 'underscore'. The user has a reputation of 67 and is a member for 14 years and 2 months. The profile includes a navigation sidebar on the left with options like Home, Questions, AI Assist, Tags, Saves, Challenges, Chat, Articles, Users, Companies, Collectives, and Stack Internal. The main content area is divided into several sections: a 'Summary' section with a reputation graph showing growth from 2023 to 2026, a 'Badges' section with a 'Commentator' badge, an 'Impact' section showing ~56k people reached and 0 posts edited, and a 'Reputation' section with a table of tags. The 'Answers' section lists 14 answers, and the 'Questions' section lists 7 questions. The 'Tags' section shows tags like 'r' and 'css' with their respective scores and post counts.

Screenshot 23/3/26 Last Visit to SO

and sticking to the new 10 commandments by Russell Poldrack

- Gather Domain Knowledge Before Implementation
- Distinguish Problem Framing from Coding
- Choose Appropriate AI Interaction Models
- Start by Thinking Through a Potential Solution
- Manage Context Strategically
- Implement Test-Driven Development with AI
- Leverage AI for Test Planning and Refinement
- Monitor Progress and Know When to Restart
- Critically Review Generated Code
- Refine Code Incrementally with Focused Objectives
